

End User License Agreement (EULA) — ValidCode Solutions

Effective Date: October 19, 2026 · Commercial Use License (Licensed, Not Sold) · MoR: Whop, Inc.

1. Agreement Overview & Merchant of Record (Whop)

This End User License Agreement ("EULA") is a binding legal agreement between you (either an individual or an entity) and ValidCode Solutions for digital software assets, prompt architectures, codebases, and documentation (collectively, the "Software Product") purchased through **Whop (Whop, Inc.)**, our authorized Merchant of Record (MoR).

By purchasing, downloading, or using the Software Product, you agree to be bound by the terms of this EULA.

2. Grant of Commercial Use License (Licensed, Not Sold)

The Software Product is licensed, not sold. ValidCode Solutions retains all underlying intellectual property rights, copyrights, patents, and proprietary ownership in and to the Software Product.

Subject to payment confirmation via Whop, ValidCode Solutions grants you a personal, perpetual, non-exclusive, non-transferable **Commercial Use License**:

- **Commercial Deployment Rights:** You are permitted to deploy, customize, and integrate the prompt architectures and codebases to construct proprietary applications for yourself or your commercial clients.
- **No Recurring Royalties:** You may monetize, host, and sell end products built with the licensed foundation with zero recurring per-seat fees or royalty obligations to ValidCode Solutions.

3. Permitted Uses

- Modify, adapt, and build upon the source code or prompt architectures to construct proprietary applications.
- Deploy resulting web, mobile, or backend applications to live production environments for commercial use.
- Charge end users or clients for access to solutions created using the licensed assets.

4. Prohibited Uses

- **No Standalone Resale:** You may not sell, resell, lease, sub-license, syndicate, or redistribute the raw prompt packages or source code as standalone templates or prompt libraries.
- **No Direct Competitor Products:** You may not use the Software Product to create a derivative product that directly competes with the original Software Product.
- **No Public Repositories:** You may not publish uncompiled source material or raw prompt packages in public GitHub, GitLab, or other publicly accessible repositories.

5. Intellectual Property Retention

All title, ownership rights, and intellectual property rights in and to the Software Product remain exclusively with ValidCode Solutions. This EULA grants usage rights only and does not convey ownership of the underlying intellectual property.

6. Warranty & Technical Support Desk
