

Privacy Policy — ValidCode Solutions

Effective Date: October 19, 2026 · Merchant of Record: Whop, Inc. · Data Protection Standards

1. Introduction

ValidCode Solutions ("we", "our", or "us") is committed to protecting your privacy. This Privacy Policy explains how personal data is collected, processed, and safeguarded when you visit validcodesolutions.com and purchase our digital software assets and web development services.

2. Merchant of Record & Payment Processing (Whop)

All financial transactions, customer checkouts, and order processing are executed through **Whop (Whop, Inc.)**, our authorized Merchant of Record (MoR).

- Whop acts as Merchant of Record and collects payment information directly within a secure, encrypted PCI-DSS Level 1 compliant environment.
- ValidCode Solutions does not receive, process, or store full payment card numbers on its servers.

3. Information We Collect

- **Order & Delivery Data:** Name, billing email address, and order transaction IDs provided via Whop checkout, required to deliver digital assets and license documentation.
- **Transmission & Verification Data:** Electronic SMTP delivery receipts and server timestamps recorded to verify order fulfillment and license transmission.
- **Technical Server Logs:** Standard server logs including IP address, browser type, and timestamps collected to ensure platform security and system performance.

4. How We Use Information

- Fulfill and deliver purchased digital prompt packages and codebases directly to your billing email address within 2 business days.
- Maintain documented transmission records verifying digital fulfillment.
- Provide technical support, onboarding kickoff, and 30-day website defect warranty service.
- Prevent fraudulent activity, enforce our EULA, and safeguard intellectual property rights.

5. Third-Party Service Providers

We share data with trusted service providers strictly as necessary to execute business operations:

- **Merchant of Record:** Whop, Inc., for order checkout, billing, and tax compliance.
- **Email Infrastructure:** Secure SMTP mail transfer agents for digital asset dispatch.
- **Cloud Hosting:** Hardened Linux cloud server infrastructure.

We do not sell, rent, or trade your personal information to third parties for marketing purposes.

6. Data Security & Contact Support Desk

We implement administrative and technical security measures to protect your data. All transactions through Whop utilize industry-standard TLS encryption. For privacy inquiries, please contact support@validcodesolutions.com.
